Parents/Guardians

Safety and Security of our students and staff is our #1 priority and we take this responsibility very seriously. There are many security measures that have been implemented as a District and as a school with the goal of making our campus as secure as possible. As a result, G. Holmes Braddock will be strictly enforcing these procedures. Below are procedures that have always been in place in addition to some added measures to ensure our students and staff are in a safe learning environment.

- We have revised our entrance procedures, to include verification of and maintaining a written log of state/country-issued identification for verification and access into the main office. These measures supplement our existing security protocols, including our closed-circuit camera system, our visitor identification procedures, and security staff.
- All student must be in uniform daily.
  - Bottoms – Khaki, blue, or jeans (no ripped or holes in jeans)
  - Tops – Gray, Blue, White, or spirit shirts only.
- All student must wear their school issued Student Identification at all times while on campus.
  - New Student IDs and lanyards have been purchased by the school and have been issued as of Tuesday, February 27, 2018. Any student who does not have an ID will have one made on site.
- Arrive to school on time. Students should arrive to school between 6:45 - 7:10 a.m. This will provide enough time to report to class by 7:20 am for the start of school. All exterior gates will be secured by 7:20 am. Any student late to school should report to the main entrance of the building to be processed as tardy.
- Classroom doors will remain locked and closed at all times as a safety measure.
- Lockdown and evacuation drills are conducted regularly with our entire school population.

We are thoroughly checking that each student has their school identification visibly on their lanyard at all times, are in complete uniform, and arrive to school on time. These practices will ensure that G. Holmes Braddock SHS continues to be a safe place for learning. We appreciate all students and parents who follow our rules and regulations and thank you for helping us to keep our students and staff in a safe and secure learning environment.

As always, your cooperation and support are greatly appreciated.

Sincerely,

Allen Breeding
Principal
